

Do You Require Melting or Holding Furnace

Remanufacture,

Reline

or Parts?

COME TO LINDBERG/MPH - OUR COMMITMENT BEGINS WITH OUR CUSTOMERS

We offer complete remanufacturing and relining services, **regardless of original manufacture.**

At your plant or in our factory, we'll do the job fast and efficiently.

Parts: Including heating elements, thermocouples, zinc immersion tubes, burner tiles, refractories, control instruments, and more. You name it, we'll supply it... often within 24 hours.

Rebuild Before

Rebuild After

Plus: We offer a complete line of new molten metal handling products. We'll also custom-design products and/or systems to meet your needs, and provide on-site training too.

Find out what our **Total Service Commitment** program can do for you...contact us with your needs.
